Fine Art

- The unparalleled public [Fine Art Collection](#) showcased throughout CityCenter features works by Maya Lin, Jenny Holzer, Nancy Rubins, Claes Oldenburg and Coosje van Bruggen, Frank Stella, Henry Moore, Richard Long, Les Lalanne and Isa Genzken, among others
- In front of Vdara, Nancy Rubins has created one of the most visually stunning commissions at CityCenter with a large-scale installation: “Big Edge” 2009. Measuring approximately 57 feet wide and 75 feet long, Rubins’ work of art at CityCenter is a colorful composition of numerous aluminum rowboats, canoes and other small river and ocean vessels finessed into a gravity-defying form that is both delicately balanced and precisely engineered. It is one of Rubins’ few works with a permanent home
- For Vdara’s reception desk, CityCenter has purchased one of artist Frank Stella’s most prominent works. “Damascus Gate Variation I,” created in 1969, features a design of interlaced semicircles incorporating luminous colors of blue, red, orange yellow and white on a 96 x 384-inch canvas
- Vdara’s concierge lobby features a commissioned work of art by Peter Wegner, entitled “Day for Night, Night for Day” 2009. The work is comprised of two wall pieces made of stacked, colored paper, one solar-themed, composed of a range of yellows and oranges and soaring approximately 45 feet, and one lunar-themed, projecting a range of blues and reaching approximately 34 feet high. Also designed by Wegner, hanging lanterns act as a conversation starter between his solar and lunar pieces and provide soft light that cascades down into the lobby
- Displayed within Vdara’s intimate lobby and on loan from Bellagio, LLC is “Lucky Dream,” a breathtaking masterpiece by Robert Rauschenberg, “Lucky Dream” 1999. A vegetable dye transfer on poly laminate, “Lucky Dream” measures 8.5 x 14 feet and features found images such as a trophy, Asian cranes and tigers and the Sistine Chapel

Sustainability at Vdara

- CityCenter is one of the largest sustainable developments in existence, bringing a new level of environmental consciousness to the world-famous Strip. In addition to Vdara, the U.S. Green Building Council has awarded LEED® Gold certification to ARIA Resort & Casino’s hotel tower as well as its convention space and theater; Mandarin Oriental, Las Vegas; Crystals and Veer Towers
- Sustainable efforts carry through from design and construction to operations and guest experience
- Vdara’s food and beverage program focuses on locally sourced ingredients
- Vdara Health & Beauty is committed to using paraben-free products and only works with retail partners who share its concern for the environment
- Vdara’s windows are coated to reduce heat transfer into the building by reflecting light
- Vdara will save an estimated 6 million gallons of water each year, equating to a savings of 30 percent within the building and 60 percent in outdoor landscaping
- Vdara also features the world’s first fleet of stretch limos powered by compressed natural gas (CNG). CNG has abundant domestic reserves and is one of the cleanest-burning alternative fuels available

Shadow Creek

- One of the nation's most exclusive and top-rated golf courses
- For guests of any of the MGM Resorts International properties in Las Vegas (ARIA Resort & Casino, Vdara Hotel & Spa, Mandarin Oriental, Bellagio, MGM Grand, Mandalay Bay, The Mirage, Monte Carlo, New York-New York, Luxor, Excalibur and Circus Circus)
- \$500 greens fee includes limousine transportation to and from the golf course, a caddy and golf cart
