ilike organic skin care from Szép Élet

The Exclusive Product Line at The Spa at ARIA

Just in time for the holiday season, **ilike** (*pronounced Il-ee-ka*) **organic skin care** from **Szép Élet**'s feast of organically certified products packed with vitamins and minerals to nourish your skin is one of the exclusive skin care lines featured in The Spa at ARIA at CityCenter, an extraordinary new urban resort destination in Las Vegas.

The Spa at ARIA Resort & Casino pulls guests into a peaceful haven where nature's healing properties stand out amongst the salt, stone, earth, fire and water that are united to evoke a spa experience designed to heighten the meditative mood for introspection and relaxation. Formulated with the purest, most active organically grown and handpicked natural ingredients to optimize product potency, ilike organic skin care is thrilled to include their handmade pulp blends amongst ARIA's treatments. "ARIA's dedication to delivering a fresh and progressive experience influenced by unique spa rituals from around the world makes the luxury sustainable spa a natural fit for ilike organic skin care," shares Szép Élet's Szilvia Hickman.

Free of any synthetic ingredients, the line's eco-chic treatments are made in small batches to optimize product potency. Due to the soil (which draws from the thermal hot springs of the Carpathian basin) and the climate, the Hungarian herbs and fruits found in ilike organic skin care's BDIH-certified products are proven to contain higher concentrations of active ingredients.

The Spa at ARIA offers 62 treatment rooms as well as three exclusive spa suites, a full-service salon, an advanced fitness center, retail, poolside spa cabanas and Las Vegas' first co-ed spa balcony, featuring an outdoor therapy pool with views of ARIA's spectacular poolscape.

Located at the heart of CityCenter and created with a vision to reshape Las Vegas, CityCenter is one of the world's largest environmentally conscious developments. ARIA Resort has achieved LEED® Gold certification from the U.S. Green Building Council.

ilike organic skin care is available at select salons and spas nationwide.
